Dear John:

Both your letters reached me safely, but I have been away for a few days in the South, getting a little sun and rest.

During the next few days, I shall be very busy with the Congressional Hearings and work incident to the beginning of the Congressional session, but will be glad to see you at your convenience later in the month. Is your visit in connection with the Free Europe University in Exile?

Clover joins me in sending very best wishes for the New Year to Sue and you.

Sincerely,

Dear Allan;

As you know I am no longer
President of the Free Europe University
in Exile. There is however something
in connection with it that I con-
sider important enough to ask
for an interview with you - perso-
nally.

I can not fly but I could come
any day by train.

The joins me in sending our
love to Clover!

Sincerely

John Deane

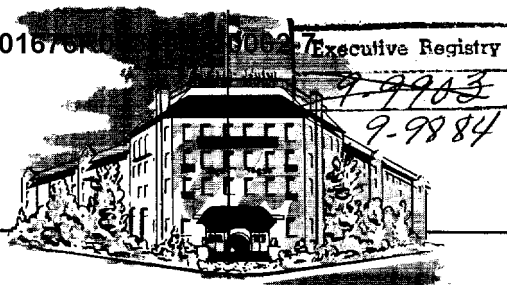

P.S. I had very stupidly sent my
previous letter to 3108 P. Street
- so I am sure that you did not
get it.

Dear Allen:

As you know I am no longer president of Free Europe University in Exile. There is however something in connection with it that I consider important enough to ask for an interview with you personally - even at this moment so hectic for you!

I can not fly but could come any day by train after January 1st when I have a ~~diver~~ ^{business} engagement at Frances Bolton.

Sue joins me in sending our love to Clover.

Sincerely,
John Deluzi
